

DIRECTIONS TO UITGEDACHT FARM

(Coordinates – 28 46 05S, 28 00 30E)

From Bloemfontein

- Take the **N8 east** out of Bloemfontein. Direction Botshabelo, Thaba Nchu, Tweespruit and Ladybrand
- At Ladybrand take the **R26** direction Clocolan and Ficksburg
- At Ficksburg continue on the R26 direction Fouriesburg
- About 10k or so after Ficksburg heading to Fouriesburg on the R26 you will see a sign for the **S384**. Turn left off the R26 onto this gravel road S384
- After about 10 kilometres on the gravel road you will drive up a fairly steep hill. On the right hand side at the top of the hill you will see a row of pine trees
- At these pine trees turn right onto **this farm track**. Ignore the first farmhouse. Go along, you will go through a red metal gate. You are now on the farm. Go until you cannot go any further and you will be at the homestead. The distance from the S384 turnoff to the homestead is about 3k
- *Please note you will not find this route to the farm from your GPS navigator, as this particular farm track is not on the maps. Your GPS will try to tell you to take a different gravel road to the farm (the S385) and to enter the farm via our top road, which is on the maps. This has been out of use for about 50 years but we have just recently restored it*
